Health Careers HESI A2 Testing Information
Helpful information for Spring 2020

Beginning March 18, 2020, KCC facilities closed temporarily in an effort to reduce potential pathways for community spread of coronavirus (COVID-19). Current college statuses can be found at coronavirus.kcc.edu.

Health Career program deadlines have been extended. Please contact your advisor to sign up for the A2 test.

Following is further information to help those preparing for the A2 entrance test.

- Health Careers information site
- Program-specific dates and deadlines
- Upcoming A2 testing dates

Resources

The HESI A2 study guide is available for purchase in the KCC Hammes Bookstore and online at www.us.elsevierhealth.com. Online sample questions are at www.testprepreview.com and other sites. Apps such as HESI A2 Exam Prep by Pocket Prep, Inc. are available for download. A web or app search for "HESI A2" will offer several sites and apps.

NOTE: Physics is not included in the A2 exam for competitive entry Health Career programs at KCC. For the specific topics on the test, visit www.kcc.edu/future/choosing/healthprograms/Pages/a2.aspx.

Acceptance process

A score of 75% or higher is required to be considered for ranking for the RN and RN Advanced Placement programs. For other competitive entry Health Career programs, a score of 70% or higher is required to be considered for ranking.

Scores will be loaded into the database and ranked after the testing deadline. A letter will be emailed to your KCC student email notifying you of your status. No information will be disclosed regarding scores or ranking besides the notification letter you receive.

You are allowed to apply to one Health Career program per calendar year with the exception of Nursing, where you are allowed to apply for two if you so choose (PN, RN, RN Advanced Placement).
